"I love being a Career Advisor because every day I get a chance to truly change lives. Speaking with students about the skills they learned from their program and the strengths they have as professionals and then helping create moments where they can show that value to employers is incredible. I love being a part of their journey."

"I was presented with an internship opportunity. I was without a resume and had a short time to get things done and make myself eligible. I was paired with a Career Advisor. After roughly an hour, I was ready to apply for jobs with a very competitive résumé. The advice and guidance were of the highest standard. If you need assistance, please don't hesitate."
